

In response to your letter dated March 1, 2006, please note that the Committee will file an amended December Monthly Report to correct the aggregate figures for the three donors you cited. We have also changed the In-Kind contributions itemized on Schedule B supporting Line 23.

You have stated that two donors are shown as having received refunds when no contribution had been reported. Those donors had submitted contributions that were not accepted by their respective banks. The donation was not recorded but the non-acceptance was recorded as a refund by mistake. Those refunds have been removed as they never took place. The donors have subsequently contributed to the Committee and they have been recorded in more recently filed reports.

You have asked that the Committee amend Schedule E to disclose the election designation. In looking at the electronic file, the election designation has been included. All of the Independent Expenditures are designated for the Special Runoff Election.

Please contact me with any questions.
